Re: Ex Parte Communication

*In the Matter of National Association of State Utility Consumer Advocates
Petition for Declaratory Ruling Regarding Truth-in-Billing and Billing Format --
CG Docket No. 04-208; and Truth-in-Billing and Billing Format -- CC Docket
No. 98-170*

Dear Ms. Dortch:

On March 1, 2005, Sprint and T-Mobile met with Commissioner Abernathy and John Branscome to discuss possible Commission action on the National Association of State Utility Consumer Advocates' Petition for Declaratory Ruling (NASUCA Petition). During the meeting, Sprint presented its view that competition, not regulation, is the most effective means of shaping the behavior of carriers and responding to the needs of consumers. Sprint noted that its successful "Fair and Flexible" rate plan is an example of the creative market responses wireless carriers pursue to meet their customers' wishes.

Attached to this letter is a copy of the marketing materials outlining the terms of Sprint's "Fair and Flexible" rate plan. Among other things, the Commission should note that Sprint discloses its surcharges to potential customers in conjunction with its voice offerings as demonstrated in this advertising collateral. Also attached is an *ex parte* filed on December 16, 2004, which attaches a then-current representative invoice for Sprint wireless services. Sprint labels its surcharges and affirmatively states that these surcharges are neither taxes nor government-mandated assessments.

Additional Information About The Plans In This Brochure

SPRINT PCS ADVANTAGE AGREEMENT

The Sprint PCS Advantage Agreement ("Agreement") is your Agreement for Sprint PCS Service and includes the terms of your service plan and the most recent Sprint PCS Terms and Conditions of Service ("Ts and Cs") — carefully read these terms which include, among other things, a MANDATORY ARBITRATION of disputes provision. A copy of the Ts and Cs comes with your phone, and is also available at Sprint Stores, www.sprintpcs.com, or through our Customer Service Solutions department.

Term Agreements: If your Agreement requires you to keep a phone active/maintain a line of service for a minimum Term, the Term begins on the phone activation date; for customers changing service plans, the Term begins when the new service plan is selected. You may terminate any line of service before its Term ends by calling *2, however you will be responsible for an EARLY TERMINATION FEE of \$150 ("Fee") for each line of service terminated early. You do not have to pay the Fee if you terminate under our return policy or where the Ts and Cs allow you to do so without the Fee. Payment of the Fee does not satisfy other outstanding obligations owed to us, including maintaining Term Commitments on other lines of service, or service or equipment-related charges.

Service Provisions: Service plans, customizable/upgrade options and special offers are available from 1/13/05 to 4/9/05, and may not be available everywhere or combinable with certain other promotions/options. Coverage is not available everywhere. See our mapping brochure for approximate outdoor coverage information. Plans are subject to credit approval. Taxes, surcharges (including a USF charge which may change monthly — 2.45% as of the print date of this brochure — and cost recovery fees of \$.80) or other fees which vary by market, not included. Surcharges and fees are not taxes or government required charges. Call 1-866-770-6690 for the up-to-date amount of the USF charge and information on cost recovery charges. A non-refundable \$36 phone activation fee applies to new activations, certain service plan changes or upgrades of equipment. A deposit of up to \$500 may be required to establish service. Service requires a phone compatible with our network. Monthly service charges are not refundable if service is terminated before your billing cycle ends.

Basic Services: All phone usage, including incoming and outgoing calls, incur charges. Unused plan minutes do not carry forward. Except with certain plans, included plan minutes are not good for local or long-distance off-network roaming calls. International roaming rates will vary. On a call that crosses time periods, minutes are deducted or charged based on the call start time. Calls are rounded up to the next whole minute. Sprint PCS to PCS Calling is only available on calls placed directly between separate Sprint PCS Phones (not through Voicemail, Directory Assistance or other indirect methods) while each are on the Sprint Nationwide PCS Network.

Sprint PCS Vision Services: Services require a Sprint PCS Vision Phone or device and are not available while roaming off the Sprint Nationwide PCS Network. Data usage is calculated on a per kilobyte basis and is rounded up to the next whole kilobyte. Rounding occurs at the end of each session or each clock hour and, at that time, we will deduct accumulated data usage from your plan, or assess overage or casual usage charges. You are responsible for all data activity from and to your phone/device, regardless of who initiates the activity. Estimates of data usage will vary from actual use. In certain instances, we may delete premium and non-premium items downloaded to available storage areas (e.g., personal vault), including any pictures, games, ringtones or screen savers. Your invoice will not separately identify the number of kilobytes attributable to your use of specific sites, sessions or services used. Premium Services (games, ringtones, etc.) priced separately.

PROMOTIONS, OPTIONS AND OTHER PROVISIONS

may terminate service if a majority of minutes in a given month are used while roaming off the Sprint Nationwide PCS Network. International calling including in Canada & Mexico, not included. When calling from Expanded Voice Coverage Areas: (a) Sprint PCS Vision and Sprint PCS to PCS Calling services are not available; and (b) certain calling features (Voicemail, Caller ID, Call Waiting, etc.) may not work.

Sprint PCS Add-a-Phone: Requires a minimum two-year Term agreement for each phone/line of service added ("Secondary Line"). The first phone activated on the service plan ("Primary Line") and Secondary Lines may have different Term commitment end dates. If the Primary Line on the account is terminated prior to the expiration of the Term of any Secondary Line, a Secondary Line must move to the Primary Line position.

Sprint PCS Voice Command: Not available while roaming off the Sprint Nationwide PCS Network. Calls to 911 or similar emergency numbers cannot be placed through Sprint PCS Voice Command. Dial "911" on your phone in an emergency. Airtime and applicable long-distance charges begin when you press or activate the TALK or similar key.

Roadside Rescue: Must be with vehicle and have your Sprint PCS Phone with you at the time of service. Limit 4 calls per program year (starts when service is added to your account). Allow approximately 72 hours to provision service to your account. Covers light passenger cars & trucks. Excludes RVs, motorcycles, boats, trailers, limousines, taxis and commercial or heavy-duty vehicles. This is not a reimbursement service and is not valid when operating vehicle off-road. Services are provided by AAA, AAA clubs, CAA clubs and in California, the National Automobile Club and Auto Partners Motor Club, inc. Sprint is not a motor club.

Sprint PCS International and Sprint PCS Call Canada: For verification purposes, activation of plan may take approximately 1 to 3 days, additional information may be required during verification process.

Two Month Free Offers: If you do not wish to continue with the service after the initial 2 months, you must contact us prior to the billing end date of your second invoice to avoid charges. Additional charges apply for premium content.

Sprint PCS 14-day Risk-Free Guarantee: Requires return of your complete, undamaged Sprint PCS Phone with the original retailer's proof of purchase within 14 days. You must still pay all charges based on actual usage (partial monthly service charges, taxes and Sprint surcharges). A 30 day return period applies to California residents.

Sprint PCS Clear Pay Program: In most instances a deposit between \$125 and \$500 applies. We may require a deposit of up to \$1000 in certain instances. A preset account spending limit of between \$125 and \$500 will apply - ask the specific amount. We may limit the number of phones you can activate on your account. Monthly service plan charges accrue even if your service is turned off, when you exceed your spending limit or in instances of nonpayment. Roaming usage may be invoiced after 30 - 60 days.

Dear Ms. Dortch:

On December 15, 2004, Sprint met with Jay Keithley, Gene Fullanno, Ruth Yodaiken, Erica McMahon, and Leon Jackler of the Consumer and Government Affairs to discuss certain issues raised by the declaratory petition filed by NASCUA in the above-referenced proceedings. The Sprint representatives attending the meeting were Richard Juhnke, Vice President, Federal Regulatory Affairs, Luisa Lancetti, Vice President, Wireless Regulatory Affairs, Charles McKee, General Attorney and the undersigned. The discussion was consistent with Sprint's position set forth in its opposition to the petition filed July 14, 2004.

During the meeting, Sprint was asked to supply a sample PCS bill and samples of Sprint PCS advertisements. Such documents are enclosed.

Respectfully submitted,

Enclosure

EXPLANATION OF SUMMARY OF INDIVIDUAL PHONE CHARGES (PAGE 2):

- **Monthly Service Charges** - The recurring charge(s) for your Sprint PCS Service Plan(s) and other services, some of which may be invoiced one month in advance.
- **Additional Usage Charges** - This column will show additional voice or roaming minutes or PCS Vision kilobytes/megabytes usage not in your main service plan. This column may also contain charges for Call Forwarding and, depending on your plan, Call Waiting, Three Way Calling, Sprint Voice Command and certain Operator Services.
- **Other Charges** - Charges that are not included in the Monthly Service Charges section will appear here if applicable.
- **Promotions, Credits and Adjustments** - Special offers or pricing promotions appear as credits on your invoice here or in other sections. A disputed charge, when corrected, will appear on your invoice as an adjustment.
- **Government Fees and Taxes** - These include applicable federal, state, city, and county taxes.
- **Surcharges and Fees** - The surcharges in this section include certain charges assessed on Sprint that we pass through to our customers, as well as those that recover the costs by Sprint in complying with various federal and state mandates. Charges that appear in this section of your invoice, e.g. gross receipts, Federal Wireless Number Pooling and Portability, Federal and State Universal Service Funds (USF) and Federal E911*, charges, are neither taxes nor government-mandated assessments. The Federal USF charge is calculated using the FCC-prescribed contribution factor, which may change on a monthly basis. For more information on cost recovery surcharge and the current Federal USF charge, call 1-866-770-6699.

* Please note that current availability of E911 services is very limited. E911 service is dependent upon several factors, including the ability of your local public safety agency to receive and process this information and the capabilities of your equipment.
